

## COLOUR BY MULTIPLICATION

Answer the multiplication and colour the shapes in the correct colour.

0-10

11-20

21-30

31-40

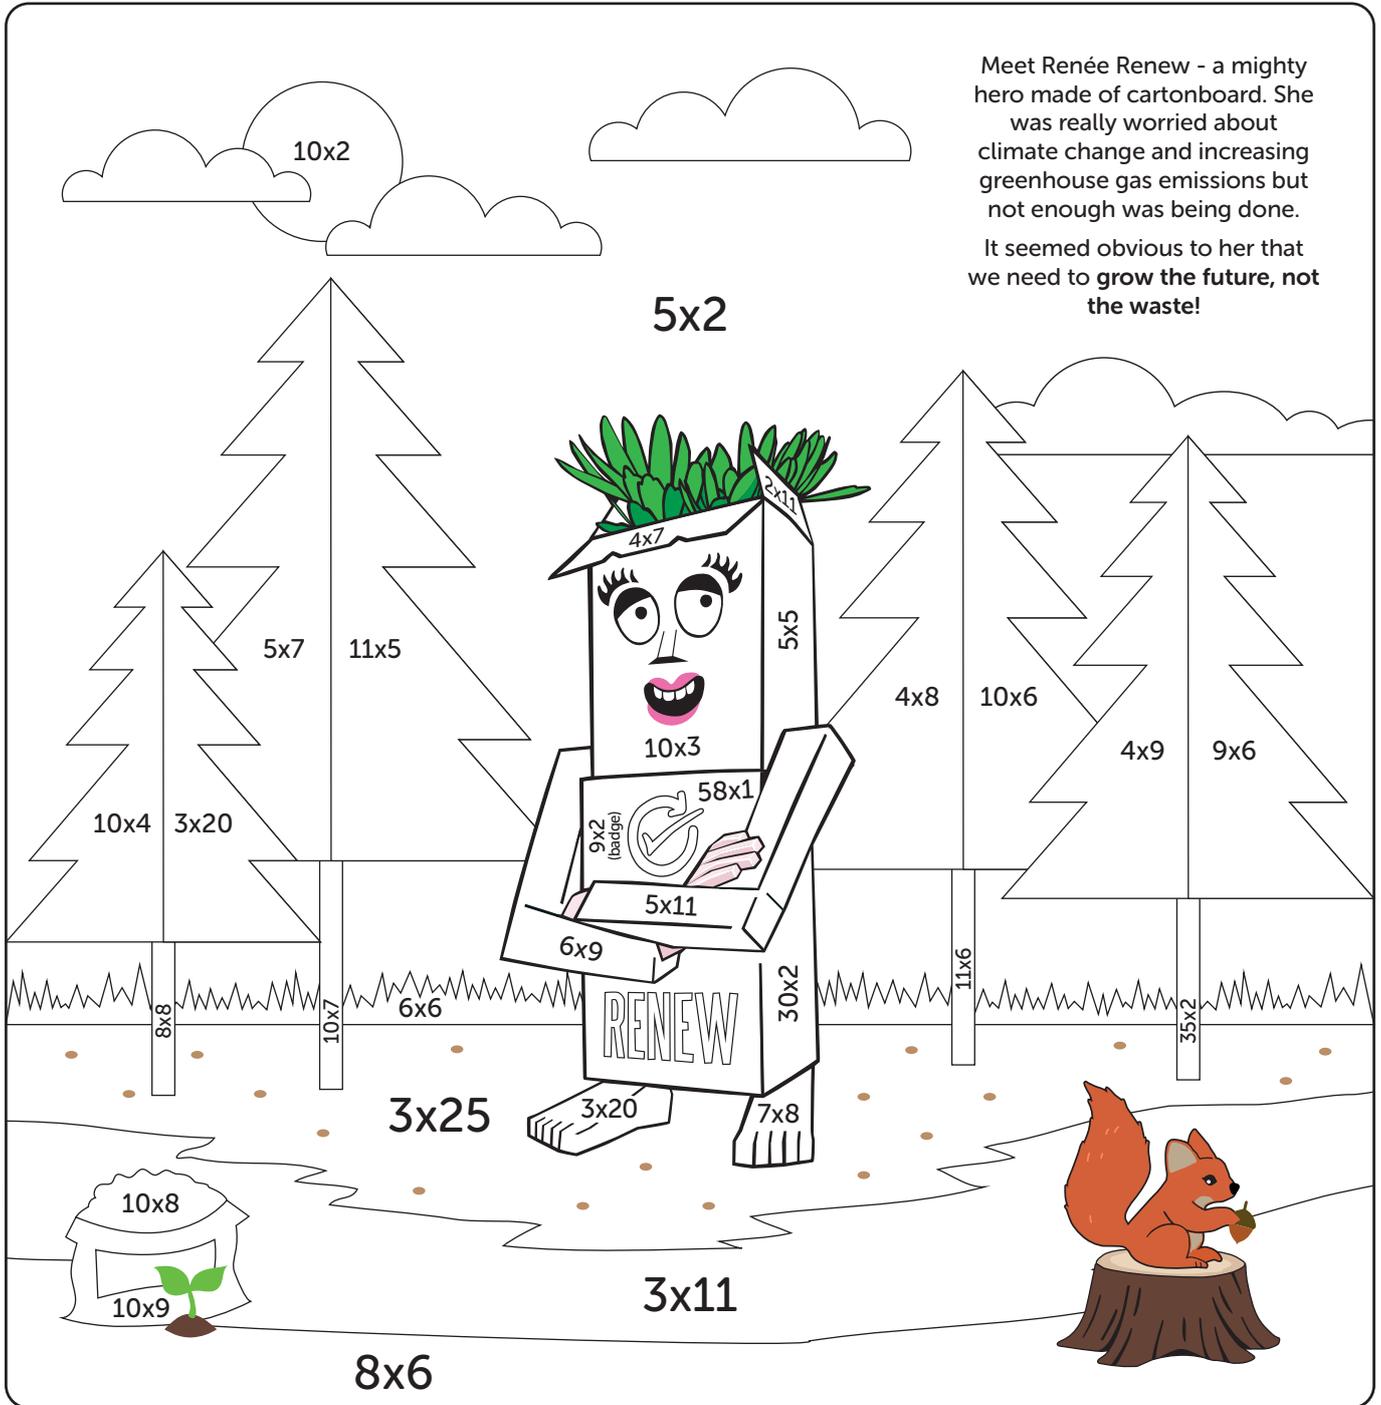

41-50

51-60

61-70

71-80

81-90

Meet Renée Renew - a mighty hero made of cartonboard. She was really worried about climate change and increasing greenhouse gas emissions but not enough was being done. It seemed obvious to her that we need to **grow the future, not the waste!**

Find the missing number by adding together all answers:

European forests are increasing by the equivalent of  football pitches every day thanks to the cartonboard, paper and wood products industry.
